The 18th European Echocardiography Course on Congenital Heart Disease

will be organised in Vienna at Arcotel Wimberger
from Wednesday September 10th to Friday September 12th, 2025

This course is aimed for pediatricians and cardiologists as well as sonographers with interest in congenital heart diseases by providing an extensive overview on Echocardiography in Congenital Heart Disease.

The program strongly builds on the side-by-side comparison of morphology and imaging and discusses the major abnormalities found in clinical practice. Faculty consist of world renown paediatric cardiologists, cardiac morphologists, and congenital heart surgeons.
